

Explains:-

① अनिर्धारितसंबंधविशेषा षष्ठी स्थानेयोग बोध्या।

⇒ The above sentence has been taken from the second chapter 'परिभाषाप्रकरणम्' of वैयाकरणसिद्धान्तकौमुदी which is uttered by भट्टोजी दीक्षित. It is the definition of परिभाषा सूत्र i.e. - षष्ठी स्थानेयोगा।

Let the use of the 6th case-ending or the genetal genitive case without indicating any specification of particular relation like शेष etc, be understood as, carrying the meaning 'associated with the word स्थाने। स्थान' signifies again an occasion (for substitution). For other words, the force of the genitive case applied in an aphorism is - 'in place of'. For clear understanding of this परिभाषा-सूत्रा we may refer to the सूत्रा 'दुको यणचि' which should be taken as - 'दुकः स्थाने यण् चि'।
